Description VeraSecure is an easy-to-install comprehensive home controller/alarm hub. It's like a security panel in a box. Just add sensors, cameras and locks – choosing from dozens of brands – and VeraSecure does the rest. VeraSecure does more than security—you can adjust thermostats, control lights, garage doors, and more. Operate everything from one easy app on your smartphone, tablet or computer. Compatibility Works with major wireless protocols: Z-Wave Plus, Wi-Fi, ZigBee, Bluetooth, and VeraLink\*; including device brands such as Nest, Schlage, Yale, Kwikset, Aeon Labs, First Alert and many more. Add exactly the devices you want—Motion Detectors, Cameras, Locks, Thermostats, Dimmers, etc.\* VeraLink supports the following 2GIG devices at this time: Door/window sensors (3 variations), motion sensor, smoke detector, carbon monoxide detector, glass break sensor, tilt sensor, keyfob (4 buttons) and a panic button. At this time all devices are 345MHz (U.S. frequency) only. There are no 433 MHz (EU frequency) devices available yet. Alarm Built-in piercing Siren Alarm alerts neighbors and scares off intruders. Reliability Battery and cellular backup systems keep your home protected even when power and Internet go out. Savings Requires no monthly fees. Compared with cable-TV and alarm companies you'll save plenty! Features : Automatically schedule your lights to turn on before you enter your home with a VeraSecure System. Receive notifications automatically with your motion sensor & security camera connected to your VeraSecure System. Cameras, sensors and siren ensure your home is being monitored from anywhere on your mobile device. With your VeraSecure System and security camera you can always ensure your pet is safe. By never wasting energy in your home with control of lighting, heating, and cooling Technical Specifications: CPU: 880MHz Dual-Core MIPS SoC Flash Memory: NAND 128MB Memory: DDR3 512MB Z-Wave: Z-Wave Plus ZigBee: HA 1.2 Bluetooth: 4.0 + BLE VeraLink: Proprietary 433MHz Cellular: Embedded 3GB Battery: Internal 2400mAh/18Wh Wi-Fi: 802.11 a/b/g/n/ac USB Port: USB 2.0 WAN Port: Gigabit Ethernet Dimensions : 48 x 225 x 147mm (HxWxD) Certifications : FCC, CE, RoHS, Z-Wave Plus Power Supply Input: AC 100-240VAC, 50-60Hz Output: DC 12V/2.0A
